“To be the premier Engineering Service Fit out (Fire Fighting, HVAC & Solar Sytem) Contractor, a provider of the highest quality Engineering Services, and to implement solutions for achieving full customer satisfaction delivered through the safe technical competence and professional integrity of all our employees”

ABOUT US

Mr. Suresh Nikochia
Founder & CEO

“Make your team feel respected,
empowered and genuinely
excited about the company’s
mission.”

- Mr. Suresh Nikochia

Founded in the year 2016 by a team of innovative and futurist professionals, the company is also known as one of the leading service providers undertaking all sorts of HVAC Projects, VRV/VRF, Fire Fighting, Fire Alarm, Solar & Electrical Works and after sale services for all types of air conditioning, Fire Fighting, Fire Alarm & Solar System. Our founders include Mr. Suresh Nikochia (Mechanical RAC Engineer) Managing Director (Marketing, Projects and Service).

We work with utmost dedication to offer maximum satisfaction to customers by offering unmatched Combinations of HVAC, Fire Fighting, Fire Alarm & Solar System with Energy Efficiency Satisfaction and after sales services at market leading prices.

In 2016 Mr. Suresh Nikochia had taken over the sales and engineering of the company and leading the company since then quite effectively following professional management principles. Under his vision company has started Central Air conditioning, VRF/VRV System, Ventilation projects, Fire Fighting & Fire Alarm System. While his joining, the company has seen multi factious growth during the last 2 years and company turnover has gone up thrice.

The Scope of Air conditioning, Ventilation System, Fire Fighting, Fire Alarm & Solar System in the Indian Industry was tremendous as overall awakening towards men worthy environmental atmosphere in the industry proved to be very useful for better productivity, health of the workmen and life of the Machine. The Company, therefore, came up with dedicated services to its customers who were quite satisfied with its quality work and competitive pricing.

It is the privilege of the company that right from the inception, customers of high repute to whom cost was not the matter but a quality work with good performance was the question opted for the company, and it could provide it all to its valued customers. As a result many of our customers have patronized us for all their related needs.

Mr. Suresh Nikochia is Mechanical (RAC) engineer and he has been work in BLUE STAR & STERLING & WILSON. He has been lot of Experience in big Central Air conditioning, BMS, Fire Fighting, Fire Alarm & HVAC Electrical Projects. He has 16 year experience in Project execution, Planning, designing field.
